

CERTIFICATE

OF CONFORMITY OF PRODUCT

QUALITY

Etalon Mix

BY ALBINA LAZAREVA

It is hereby certified that Etalon Mix pigments comply with the requirements of the ECHA Regulation on products in contact with mucous membranes, skin, and hair (Human Contact Products Regulation, HKV, SR 817.023.41) as amended on February 1, 2024.

In addition, Etalon Mix pigments comply with Commission Regulation (EC) 2020/2081, amending Annex XVII to Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) as regards substances contained in tattoo inks or permanent make-up.

Important literature references and sources of this regulation can be consulted at any time. These are procedures for classifying physical and chemical properties. The classification is based on the tested mixture (pigments).

This concerns health hazards and environmental hazards. The method for classifying the mixture is based on the components of the mixture (additivity formula).
